

Material

Formed 14 gauge / 304 stainless steel (no hollow or tubular components).

Design

Features formed tabs around the perimeter of the top for customer to place rubber mat (not included). Lasered holes on the top of the platform allows for proper drainage.

Construction

All contact points are TIG welded complete and the platform is fully assembled. Weight capacity = 350 lbs.

Finish

All components receive a dual-action medium Scotch-Brite finish and all welds are passivated.

Footing

Rubber non-skid pads.

Shipping

UPS-Ground
